

Taste of Enterprise composed this poem as an innovative way to introduce the business. It won them a free place on a HOVIP training course for the most innovative 30-second pitch.

"My name is Catrin Williams  
From Taste of Enterprise  
I help to start your business  
To grow and to survive

Based on Merthyr High Street  
At Number Thirty Two  
We have free retail shop space  
For the creatives amongst you.

Above the shop are offices  
And a holistic studio,  
So if you're thinking of a business  
Come and have a view.

We help with business planning  
And lots of courses too,  
From marketing to networking  
There's not much we can't do.

So if you want to find out more  
Why not give us a call?  
We're very friendly and hospitable  
And look forward to meeting you all!"
