**10 January 2011**

**Dear Mr. Burkhard,**

I writing to express my gratitude for the excellent services offered by your organisation. The events that you organised throughout the year provided an invaluable opportunity to network with local business, develop new working relationships and opportunities, and learn how to improve many aspects of our organisation. The events were also imaginative and varied and appeared to be enjoyed by all who attended.

As a previous winner of a HOVIP Social Enterprise award we were delighted that your organisation helped to raise our profile. In doing so you increased our business and funding potential, and more importantly, you also encouraged more vulnerable people to come forward and access the services we offer.

HOVIP is a much needed resource for the local business and social enterprise community, particularly in the current economic climate. I very much hope that The Welsh Assembly Government will recognise the value of what you do and provide the funding necessary for HOVIP to continue. I strongly feel that it would be false economy for them not to do so.

Yours Sincerely

**Mike Wilkinson  
Project Manager**
