

Hello Phil,

Just wanted to let you know that BT would fully support the continued funding of HOVIP, which is an innovative, ground breaking and award winning support for businesses located in the Heads of the Valleys Council areas.

We have seen first hand how businesses have benefitted from inclusion in the programme and, as a HOVIP judge, I have never failed to be impressed by the motivation, enthusiasm and commitment of everyone involved in this programme, particularly yourself Phil, you are a true inspiration.

Please let me know if you need anything else from BT - we're glad to support this!
