Mr Phil Burkhand

Programme Manager

HOVIP

11/02/2011

Dear Phil

Following the completion of the HOVIP programme I would just like to say a big thank you to everyone who has supported my company over the years.

Without this support we would probably not be here today.

It has allowed us to grow as a company and keep local people employed through very difficult times in the manufacturing industry.

I sincerely hope similar type support will become available in the near future so that we and companies like us have a chance to compete in the market place.

Once again a "big thank you" from all @ Esprit Engineering

Kind regards

A handwritten signature in blue ink, appearing to read "Colin Gardiner", with a long horizontal line extending to the right.

Colin Gardiner

Managing Director
